

YASHWARDHAN PAREEK

Aspiring MERN Stack Developer

+91-7357764420 | yashpareek766@gmail.com | [LinkedIn](#)

CAREER OBJECTIVE

Full Stack MERN Developer with hands-on experience building and deploying a live eCommerce platform featuring JWT authentication, Razorpay payment integration, and cloud deployment. Selected for multiple full-stack development fellowships and currently gaining real-world experience through active internships. Seeking a Full Stack Developer role to build scalable products and deliver impact from day one.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science

2024 – 2028

Bhartiya Institute of Engineering and Technology (BIET), Sikar — Affiliated to Bikaner Technical University (BTU)

SKILLS

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js

Database: MongoDB, Mongoose

Authentication & Payments: JWT, Razorpay

Tools: Git, GitHub, Postman, VS Code, Render

Soft Skills: Communication, Teamwork, Problem-Solving, Time Management

PROJECTS

ShopEase — Full Stack MERN E-commerce Platform

Live Demo: <https://ecommerce-webpage-bnw7.onrender.com>

- Built a complete eCommerce platform using React.js, Node.js, Express.js, and MongoDB with JWT-based authentication and role-based access control (Admin/User).
- Developed core shopping features including cart, wishlist, order management, and an admin dashboard for product and order control.
- Integrated Razorpay payment gateway for secure, real-time online transactions.
- Deployed the full-stack application on Render for public access and optimized the responsive mobile UI for cross-device usability.

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Innoventers Software Solutions

Aug 2026 – Oct 2026 | Remote

- Developing full-stack web applications with React.js front-ends and Node.js/Express.js REST APIs.
- Building responsive, reusable React interfaces integrated with backend services and databases.
- Applying JWT authentication, MongoDB data modeling, and cloud deployment concepts in production-style projects.

Web Development Intern — REGex Software Services

June 2026 – Aug 2026 | Onsite

- Built and styled responsive web pages using HTML, CSS, and JavaScript.
- Strengthened practical skills in responsive design, DOM manipulation, and JavaScript-based interactivity.

FELLOWSHIP PROGRAMS

- Future Interns — Full Stack Web Development Fellowship — Selected | Jul 2026 – Aug 2026
- Oasis Infobyte — Web Development & Designing Fellowship — Selected | Aug 2026 – Sep 2026

CERTIFICATIONS

- JavaScript Programming Course (Self Paced) — GeeksforGeeks

LANGUAGES

English, Hindi
